School-provided transportation shall be available to and from school for those students who qualify. Transportation may be provided by the district for all school activities. Transportation may be denied to students who are detained after school for disciplinary reasons.

Students who use school-provided transportation shall be under the jurisdiction of the vehicle driver while in the vehicle. Students shall be subject to the district's student behavior code and other regulations developed by the superintendent and approved by the board.

Drivers shall report violations of the rules to the building principal who may discipline students. The principal and/or the director of transportation may suspend or revoke the transportation privilege of a student who violates any rule or regulation.

When the district provides transportation to an activity during the school day, participating students are prohibited from being transported in personal automobiles to and from the activity unless authorized in writing by the building principal. Students participating in district-sponsored activities held after the school day will be required to use district sponsored transportation to the event but may be transported in personal vehicles upon departure from the event if authorized in writing by the student's parent or guardian.

All rules shall be published in the student handbook.
