## Special Skills or Qualifications

Summarize special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities, including parks and recreation experience outside of TRC involvement.

I currently work at the Unified Government of Wyandotte County/Kansas City, Kansas. I was the Executive Assistant/Office Manager for the County Administrator for over 6 years. In that time, I worked closely with the elected officials and all department heads throughout the UG. My job duties were basically anything that came across my desk. I have worked on Strategic Planning, Budget, Inauguration, training of new commissioners and Mayors.

## Previous Volunteer Experience

Summarize your previous volunteer experiences with TRC or TRC programs you have participated in and in what capacity.

I was appointed to the Turner Recreation Commission in February to fill a vacant seat. I also was volunteering on the THS Building Site Council this past school year.

My other volunteer experiences are throughout the Kansas City Metro - Leadership 2000, Kansas City Kansas Animal Services, Willa Gill Food Kitchen, Morning Glory Ministries, and Habitat for Humanity Women Build.

Please describe why you believe you will be an asset to the Turner District and its youth by serving on the Turner Recreation Commission Board.

Serving on the TRC Board the past several months has really been a learning experience. Getting started learning the ins and outs of the recreation commission and what great things happen in our community is amazing and I would like to continue to learn more. Serving the community that my grandparents moved to, my father grew up in, and also where I raised my children is an honor.

Please provide

- (a) your viewpoints on the current Recreation Commission's program of activities, and
- (b) your suggestions on how improvements to the current program(s) might be made:

TRC has a wide variety of programs, but may need some adjustments as things have changed over the last couple of years because of the pandemic. We need to offer programs that best fit our community and does what is best for the people of our community and make enhancements to those programs that may not be doing as well as others.

Please describe what you believe should be the function of the five-member Recreation Commission Board.

The function of the Recreation Commission is to be the voice of the residents of Turner and make sound decisions on their behalf for the good of the community. The goal is to work together to make the recreation programs the best for people of all ages in the Turner Community.

The Recreation Commission is also there to work together as a team to enhance and empower the TRC Leadership Team to get the most out of the budget, maximize resources, and provide great amenities to our community.
