SPECIFIC TERMS

Factory New

All goods, products, materials, and equipment pursuant to this proposal shall be factory new and unused.

Safety Standards

Material must meet all federal, state, and local safety standards and specifications in effect at the time of production. In all cases, where conflict occurs, the more stringent provision or standard will apply.

Unit Pricing

There are several requests for unit pricing on this RFP. Please ask questions if you do not understand what is being asked.

Unit Cost for Drywall Patching: This is for the minimal drywall or block prep work that may be needed. It is tough to identify an amount; therefore, it is being left up to the contractor to supply a cost on an "as needed" basis.

Hourly Unit Cost for additional painting: This is to ensure if TUSD 202 would like to have other painting projects completed by the same contractor that is awarded the project, there is an agreed to price upfront. This rate is for labor only, the cost of supplies and materials should not be included.

Mobilizing Fee for Lift Requirements: Any of the work specifically being quoted should include any cost associated with requirements needing a lift. This is for additional work that could be added based on the needs of the district.

Daily Rate for Lift Requirements to Remain on Site at Owners Request: Any of the work specifically being quoted should include any cost associated with requirements needing a lift. This is for additional work that could be added based on the needs of the district.

Substitutions

No substitutions are allowed.

Liquidated Damages

There is a number of days requested listed on the Vendors Response page at the end of this document. The number of days requested will be negotiated once a contract is recommended to the Board of Education and there will be a start and end day to the scope of work awarded to each contractor, once the end day that is agreed to has passed, there will be liquidated damages issued to the contractor in the amount of \$200 per day the project is not considered to be complete by the owner's representative, Chris Crockett. This penalty will be withheld from the final payment issued to the contractor, unless the contractor has written permission from Turner USD 202 stating that the deadline can be extended.

Warranty

Submitted proposals must include a two-year warranty on workmanship.

Award of Proposals

It is the intention of the school district administration to make a decision regarding the Award of the Project by Wednesday November 16, 2022.
