# Q1 vs Q2

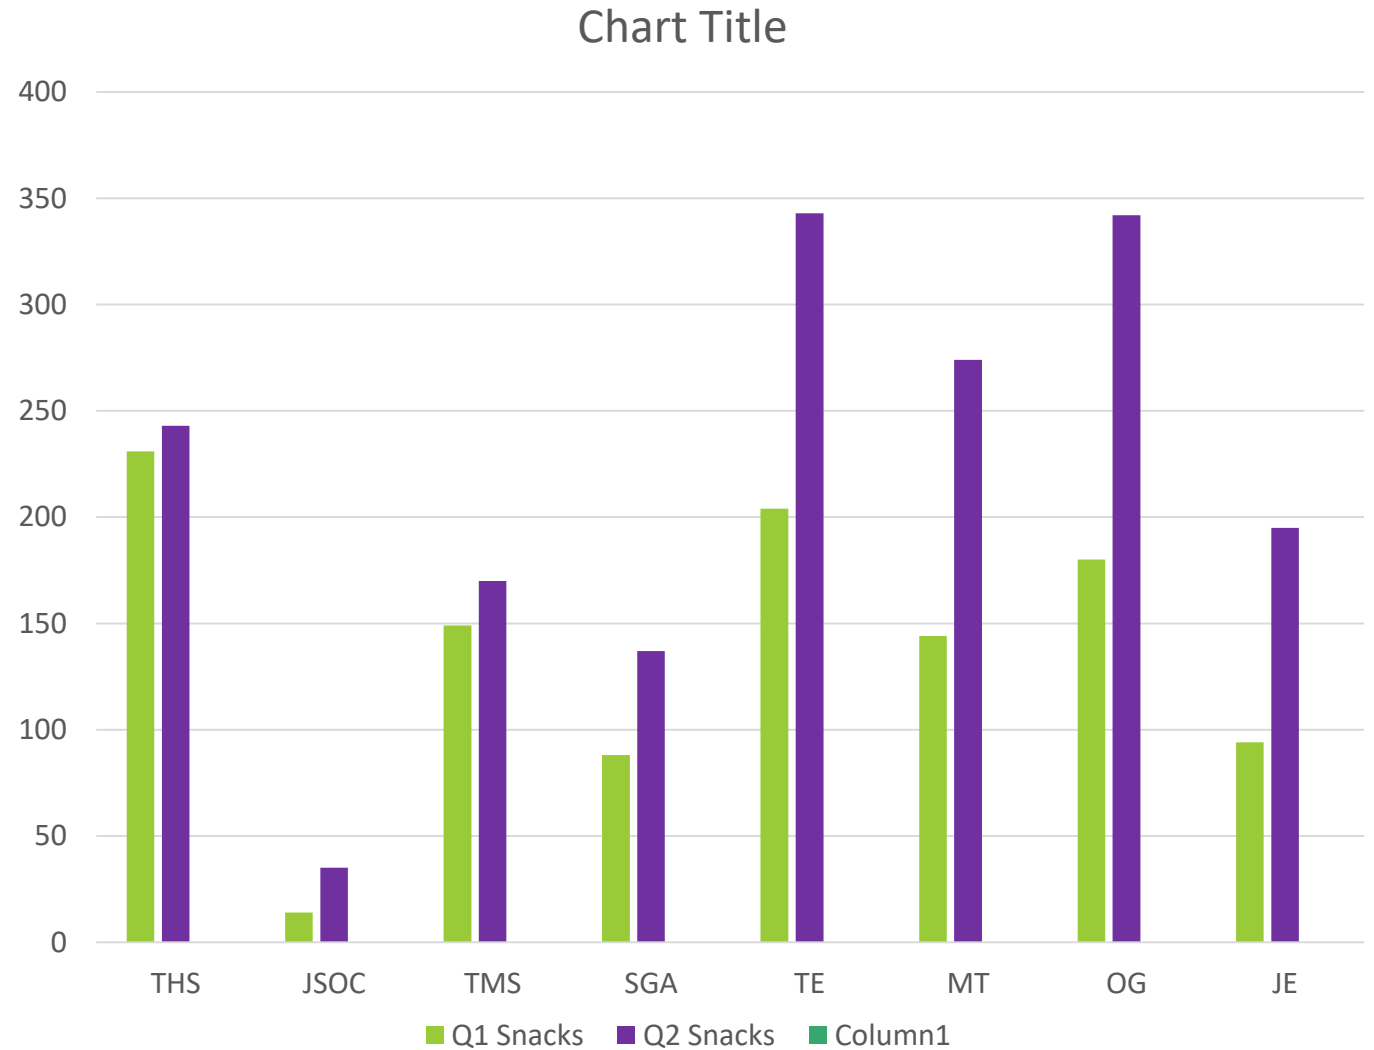

We have continued to deliver meals to the classrooms each day. With more students attending, we have had an increase in meals at the K-6 grade levels.

The food service team has done a tremendous job. They have taken the increase in meals and continued to get the meals delivered within the same time frame. This has taken a lot of hard work on their part. The team has made it happen and will do what it takes to not only make their food, but “Make Their Day” as well.

# SNACKS Q1 vs Q2

After school snacks have been a big hit. This year has looked differently, as in years past this was only offered afterschool, within an afterschool activity. With all the changes this year, we have been able to offer after school snacks to all students. The food service team has prepared and delivered snacks each day. Each kitchen delivers the snacks at the same time they deliver lunch. This has been a bit of a challenge with time frame, as all elementary schools have almost doubled in snacks each day. We have changed some of our processes within the kitchens to adjust to the changes and Suzanne and Jessica have been spending time within the kitchens to help work on efficiencies, along with helping prepare items needed for delivery.

## Providing meals during school breaks

The food service team worked hard during winter break to provide 7 days of breakfast, lunch and snacks. After finishing our normal work day, our team came together and we prepared and gave out 7,182 breakfast, lunch and snacks.

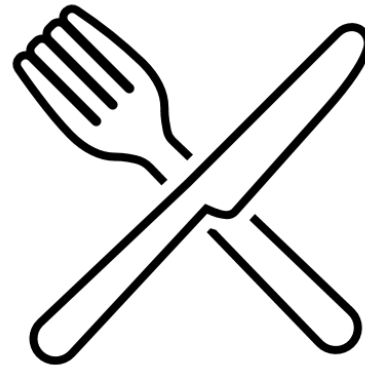

During our 4 day break in January, we had some staff members willing to work on January 15<sup>th</sup> to prepare 4 days of breakfast, lunch and snacks. During this break we prepared and handed out 692 of each.

We are excited to be able to provide meals during the times when school is not in session. We look forward to being able to do the same during Spring break!

### WINTER BREAK STUDENT MEAL PICK-UP OPTION!

Tuesday, December 22nd

## *staff member spotlight!*

### **Regina Dominguez, Midland Trail**

staff member since August 2017

**Q:** What do you most enjoy about working for Food Services?

**A:** I absolutely love my job! It all comes natural to me, & I do it very well. I enjoy face to face interaction with my students & staff. I believe that I have an excellent relationship with both. Also, the job skills that I have acquired. The group of people in the Food Service are kind & friendly, makes it easy to enjoy my job. I also appreciate all the skills & lessons I have learned from my bosses Jessica & Suzanne. I give 100 % of my all every day to make sure all students & staff are happy.

**Q:** What is your favorite meal item?

**A:** My favorite meal is probably Meatloaf. I never ate it growing up & the recipe we use is very delicious!

Please open the link below for the a glimpse on the road to delivering meals at THS.
