RE: Early Graduation

To Whom It May Concern, I wish to graduate early to get a jump-start on my career and the education necessary for the career I wish to persue. I have decided what career path I will persue, and I do not see a reason to prolong the period in which I will not be interacting with my passion on a day to day basis. My plan after graduation is to attend KCKCC and receive my associates degree in Health Science. I am a current student at KCKCC, taking the CNA night course. My plan is to be a certified nursing assistant by May 15, 2022. Following that, I plan to go to Rockhurst University and receive a Doctorate in Psychology. I wish to become a Child Psycholgist and give a helping hand to the children who have been failed.

Sincerely,

Serenity Hanson
