

# Turner USD 202 Surplus Items

The items below will be listed for sale on Purple Wave public auction site.

Miscellaneous kitchen equipment, including: Hobart mixer attachments, Hobart mixers, warming cabinets, holding cabinets, hot boxes, table top electric burners, slicers, grinders, scales, server lines, holding cabinets, refrigerated coolers, steamers, carts, and tables.

This equipment is no longer utilized by foodservice and has been ruled obsolete or nonfunctioning by foodservice or TUSD 202 Facility Technicians.

## Carpet extractor

No longer needed and not part of the TUSD 202 Standard for custodial equipment.

## HVAC Condenser

The voltage and size of this unit do not match up with any possible replacements in TUSD 202.

## Turn Styles

These serve no purpose other than to control traffic flow, which is not a concern in TUSD 202. These units do not count or offer any other benefit to the district.

## Residential Appliances: stove, clothes washer, and dryer

These were removed from life skills at TMS and serve no purpose to the district.

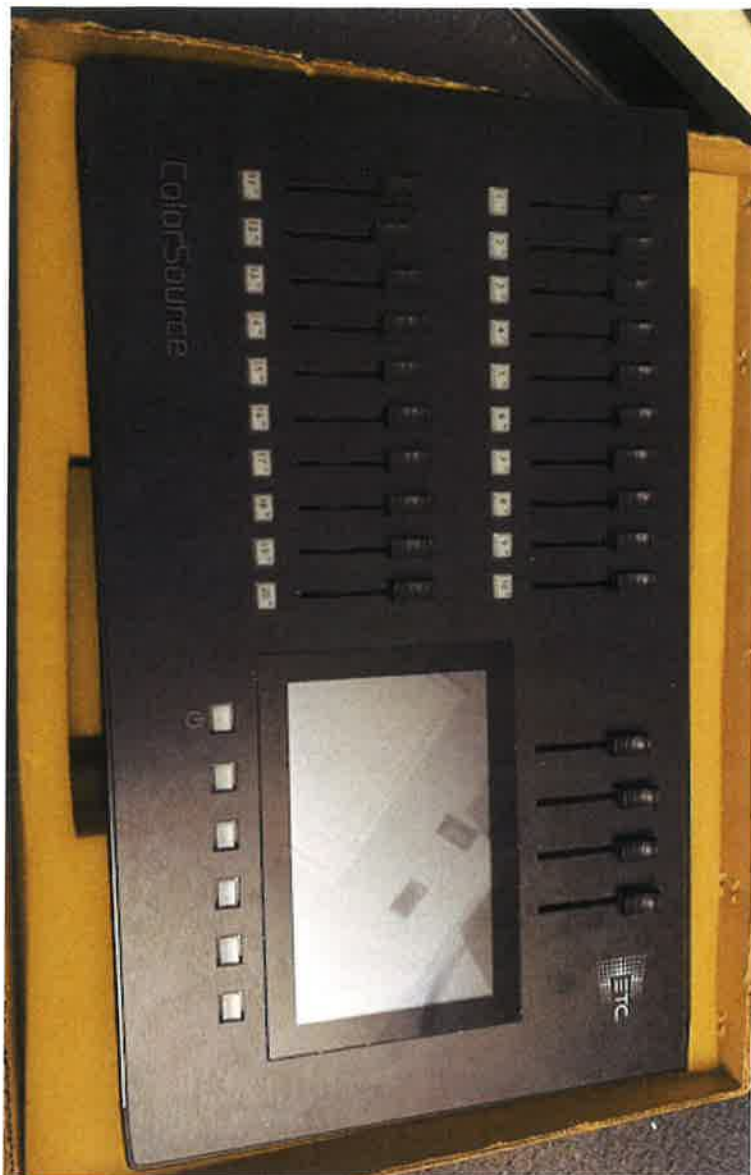

## Theater amplifiers

These units were replaced during the recent theater renovations and are no longer needed anywhere in district.

## Sound System Control Board

These units were replaced during the recent theater renovations and are no longer needed anywhere in district.

#### (4) Kettle drums

These units were replaced during the recent theater renovations and are no longer needed anywhere in district.

#### Drum Sander

A new sander was purchased for the new woodshop and this unit is no longer useful.

# Music Storage Rack

New shelving was installed in the new music room and this unit is no longer needed.
