~~Use of buses by the district shall conform to current state law. At times it may be expedient to pay mileage to parents who transport their child to a specified point to meet the bus, or to provide private transportation in lieu of providing bus service. Mileage payments to parents may be made only with board approval. The district will provide transportation to students as required by law. Student transportation can be provided through any of the methods outline by law.~~

~~Except as may be permitted elsewhere in policy, district buses shall not be available for use by outside groups.~~
