Mr. Chris Crockett
Director of Facilities & Ground Maintenance
5800 Metropolitan Ave.
Kansas City, KS 66106

Dear Mr. Crockett,

As you are aware, on Wednesday, January 13, 2021 at 3:00 p.m. bids were opened to tally results for the 2021 Turner High School Wall Restoration Project. The winning qualified bidder, presenting required bonds, credentials, and documentation was **Mid Continental Restoration (MCR)**. The bid was submitted as requested by MCR representative, Spencer Troutman.

Mid Continental Restoration has several years of experience with the specified scopes of work and has completed numerous in-kind projects [successfully] with School Districts throughout the state of Kansas and midwest region. As the manufacturer for the specified products, it is our recommendation to your board that a motion be approved to award the *2021 Turner High School Wall Restoration Project* to Mid Continental Restoration (MCR) as your budget conditions allow.

If you have any questions or require anything further, please do not hesitate to contact me.

Thank you. We look forward to working through this project with you.

Sincerely,

Jarrett Thummel
The Garland Company
