Resident Students

A resident student is any child who has attained the age of eligibility for school attendance and lives with a parent or a person acting as a parent that is a resident of the district. Children who are homeless as defined by Kansas law and who are located in the district will be admitted as resident students. For purposes of this policy, “parent” means the natural parents, adoptive parents, step-parents and foster parents. For purposes of this policy, “person acting as a parent” means a guardian or conservator, a person liable by law to care for and support the child, a person who has actual care and control of the child and provides a major portion of support or a person who has actual care and control of the child with written consent of a person who has legal custody of the child. (See JQKA)

Nonresident Students

Nonresident students are those who do not meet the definition of a resident student. Turner USD 202 does not accept new non-resident students with two exceptions.

1. Children whose parents are employees of the district or Turner Recreation Commission (parent as defined above in this policy) or as otherwise specified herein. Employee is defined as ~~KPERS eligible~~ any individual working regularly in a Turner facility under the supervision of the Superintendent, or designee excluding any temporary or substitute employee. Employees’ children must meet the criteria for good standing annually.
2. Siblings of currently enrolled non-resident students entering school for the first time.

Previously enrolled non-resident students will be allowed to apply for re-admittance annually. (See Policy JBCCA) Students residing outside of the state of Kansas will be denied enrollment or continued

enrollment based on out-of-state residency unless the student's parent or legal guardian is employed by the district or the student was enrolled in a public school in Kansas during 2016-17 and attended public school in Kansas the immediate preceding school year.

Enrollment Restriction

Unless approved in advance by the board no student regardless of residency who has been suspended or expelled from another school district and is currently serving such suspension or expulsion shall be admitted to the district until the period of such suspension or expulsion has expired.

Enrollment Procedures

The superintendent shall establish orderly enrollment for all students. The procedure shall include pre-enrollment, changes in enrollment, normal enrollment times, and communication to parents and the public.

Part-Time Enrollment

Part-time students may enroll at the Office of Student Services with the administration's permission if they complete all paperwork in a timely fashion and are in attendance no later than September 20. Part-time students may be admitted only to the extent that staff, facilities, equipment and supplies are available and the students follow the district's student conduct policies and rules.

Identification of Students

All students enrolling in the district for the first time shall provide required proof of identity. Students enrolling in kindergarten or first grade shall provide a certified copy of their birth certificate, a certified copy of the court order placing the child in the custody of the Secretary of the Department for Children and Families, or other documentation which the board determines to be satisfactory. Students enrolling in grades 2-12 shall provide a certified transcript or similar pupil records or documentary evidence the board deems satisfactory.

The above requirements are not to serve as barriers to immediate enrollment of students designated as homeless or foster children as required by the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA. The district shall work with the Department for Children and Families, the school last attended, or other relevant agencies to obtain necessary enrollment documentation.

If proper proof of identity is not provided within 30 days of enrolling, the superintendent shall notify local law enforcement officials as required by law and shall not notify any person claiming custody of the child.

Enrollment Information

The enrollment documentation shall include a student's permanent record card with a student's legal name as it appears on the birth certificate, or as changed by a court order and the name, address, and telephone number of the lawful custodian. The records shall also provide proper proof the identity.

Assignment to a School or Classes

Unless otherwise provided herein, the building principal shall assign students to the appropriate building, grade and class schedule. If the parents disagree, the principal's decision may be appealed to the superintendent. Assignment by the building principal shall be based on the educational abilities of the student. Any student desiring to attend a school outside the attendance area in which the student resides may do so if the student is in good standing and space is available in the class, with the prior written permission of the superintendent, or designee. If a student is not in good standing, the superintendent, or designee, is authorized to allow the transfer on a probationary basis due to extraordinary circumstances.

If required by law, students placed in foster care or students who are homeless may be educated in their “school of origin” instead of the building corresponding to the assigned attendance area. (For definition of “school of origin”, see regulations for JBCA and JBCB.)

Transferring Credit

In middle/junior high school and high school, full faith and credit shall be given to units earned in other accredited schools, unless the principal shall determine that there is valid reason for not doing so. For online credit approval procedures after enrollment, see board policy IIBGB.

Students may transfer to Turner High School with credits received from an accredited high school in grades 9-12. High School credit earned in middle school will be accepted as high school credit in those classes for which USD 202 middle school students can earn high school credit. Courses taken in middle school will be considered when making enrollment and course placement decisions.

Outside Credits

With prior permission of the principal and the student’s parent or guardian, high school students may earn credits from accredited schools or agencies. Credits may be earned through district approved correspondence schools, regent’s universities, or community colleges.

Accredited courses offered through the internet may also be considered. To be eligible for graduation, seniors must ensure outside credits are entered on transcripts by no later than May 1. Applications for considering outside credits are available in the principal’s office or guidance office. (see Policy IIBGB).

Transfers from Non-Accredited Schools

Students, transferring from non-accredited schools will be placed by the principal. Initial placement will be made by the principal after consultation with the parents or guardians, and guidance personnel. Final placement shall be made by the principal based on the student’s documented past educational experiences and performance on tests administered to determine grade level placement.
