To be budget conscientious it would be best to award Base Bid #1 to Advanced and Base Bid #2 to B & R. Each vendor needed to add to their base if not awarded both Base Bids. Advanced would need to add \$1,500 and B & R would need to add \$250. Even with the additional cost it would still save the district \$3,131.00 so the recommendation is to accept Base Bid #1 from Advanced for \$4,656.00 and Base Bid #2 from B & R for \$9,086.00.
